

## ***Personal Belongings***

*We provide plenty of toys, blankets, and bowls here for your pet's comfort. We prefer not to take any personal items into our boarding facility, so we do ask that that you please keep personal items of sentimental value at home for your pets to enjoy upon their return. Collars and leashes will be given back to you at check-in. Clean and comfortable bedding is provided during your pet's stay. We encourage you to leave your pet's bedding at home, as special blankets may become soiled or torn up by your pet. We cannot accept responsibility for lost or damaged items left during the stay due to the unpredictable nature of pets while away from home. We will not replace or reimburse for any lost or damaged items. Please note: it is illegal for veterinarians to administer or even store any cannabis or cannaboid products. Any left in your pets' belongings will need to be taken back home when your pet is dropped off, or will be disposed of.*
